

DELIVERIES TO STUDENTS – FOOD, DRINKS, ETC.

Birthdays and special occasions should be celebrated and recognized at home. Deliveries of cupcakes, flowers, balloons, etc., are distracting to the learning environment and will not be allowed. **FMNV (Foods of Minimal Nutritional Value) guidelines prohibit food/drink being delivered to anyone who is not your own child.**

We do not have the resources available to make daily lunch/money deliveries to students. Student instructional time will not be interrupted due to non-emergency deliveries and/or messages. Please plan ahead.

Students are permitted to carry water during the school day but it must be in a clear, transparent container with a lid.
